

PRESIDENTS REPORT

As we start the New Year it is an opportunity to take stock of why we joined ZONTA and whether as a club and individually we are meeting the objects of International.

The gauge of our success can be measured through a whole of club contribution when there are tasks to be undertaken, events to be supported, and positions to be filled. Individually we are important to the great club we belong to ADELAIDE TORRENS.

We are having our first Business Meeting this month and whilst the Board has had some initial discussions about fundraising, looking at an event calendar for the year and supporting District Special Events we would value your input and ideas. Most importantly as the year goes along we will be looking for many willing hands to ensure that the work is not left to a few.

Our Amelia Earhart meeting was a great way to start the year. Our guest speaker Flight Lieutenant Nicola Rhodes provided an insight into a young woman who had a dream from the age of 12 years. It was interesting to hear about her journey with the Air Force, the disappointments and challenges. It was an adventure of growing in experience, strength and realisation that there are times in our life we must accept our capabilities and always do the best we possibly can. I really enjoyed the story and certainly the situations a flight crew attends in the protection of our country.

Amelia would be proud to see what young women can achieve in the field of aviation in this era.

for booking.

Special thank you to Julie & Peter Black oh yes and the dogs for allowing us to invade their home once again. Thank you also to everyone for their kind food donation it was all delicious.

I am really looking forward to the year ahead.
CLAAC Meeting Saturday 5th February.
